THERE'S NO EPIDEMIC

Doctors Say There Is Only the **Usual Typhoid Fever Cases.**

DIFFERENT CAUSES STATED

Some Say That the Sewer System L Not Responsible, But Others Assert That It Is, and Also Blame the Water and Milk Supply-Not Many Patients Being Treated.

The alarming report that an epidemic of typhoid fever exists in this city, was disparched from here by the United Press last night upon the alleged authority of Health Officer Woodward.

It was stated also that unless rigid sanitary measures are at obceinstituted a serious state of affairs will quickly follow. Dr. Woodward was represented as saying that in the first four days of this week eleven deaths from typhoid fever were reported and he has no doods that some deaths reported as due to kinited complaints really resulted from typhoid. For the week ended September 27, there were twenty-one deaths. New York city, with seven times the population of Washington, reported only seventeen typhoid deaths to the size of Washington reported not more than two or three deaths, if any at all.

The epidemic is attributed, the dispatch stated, to the low siage of the water in the Potomac river, which constitutes the city's supply, and the use of well water in families, and the sixedse is as generally distributed in the best sections of theesty as in the poorer quarters.

Dr. Woodward left for New York last night to be gone several days, and it was therefore impossible to learn the facts. In order, however, to obtain medical knowledge upon the subject, The Times obtained interviews with a number of prominent physicians.

OPINIONS OF PHYSICIANS.

Dr. S. C. Busey said: "I do not regard typhoid fever as epidemic here, but there are more cases than usual at this time of year. I regard the cause as defective and insufficients ewerage; inadequate water supply, and polluted wells. I do not think there is occasion for alarm, if drinking water and milk are boiled. Quite a number of the cases of fever were contracted outside the city."

Dr. Shaart, U. S. A., said: "There is not more typhoid lever here than usual at this time of year. I believe the water supply is responsible for what exists, and that filtration would prevent it. I have seen several cases, only one fatal. I do not regard the sewer system as responsible for the condition of affairs, but the general water supply, which should be subjected to filtration."

IT IS NOT EPIDEMIC

or filtration."

IT IS NOT EPIDEMIC

Dr. Henry Krogstat said: "Judging from my experience, typhoid fever isnot epidemic. I have had only one case, that contracted in the suburbs, and have never seen so little typhoid, but have had several severe cases of remittent fever. I think Washington, for its size; will compare favorably with any city in the Union as far as the sewerage system is concerned, needing extension, however, as the city grows."

Dr. George byrd Harrison reported "no cases."

Dr. George hyra Harrison reported "no cases."

Dr. James Young reported "no cases."

Dr. McArdle said: "I do not consider typhoid fever spidemic here, and I have no cases, have questioned other professional associates, who say they have none. Think the fever in the city is due to bad sewerage, insufficient water supply, communicated wells, and want of proper supervision of the dairy farms. Think the sewer system is in need of extension and improvement."

CHRISTIAN UNITY'S CAUSE

Committee to Report to the Triennial Council To-day→Its Recommendations Practically Unanimous.

Syracuse, N. Y., Oct. 11.—The Congrega-tional Church of America by its triemial council in session at Plymouth Church in this city, will to morrow take a definite stand for Christian unity, the broadest, heartlest stand taken by any denomination in this country. There will be rare elo-quence in the appeal of the champions of the great cause when the report of the com-mittee is presented to the committee in presented to the mittee is presented to the members are soul-bound in the movement.

The chairman of the committee is William Hayes Ward, LL. B., editor of the Independent, and his associates are Rev. Dan W. Dike, Rev. Alonzo H. Quint and Rev. George E. Hall. These gentemen have labored long and carnestly on the matter and have debated the various propositions from every point of view.

But so unanimous have they been on the resulting of the report that when the matter comes up for debate and the action of the council to-morrow it will pass with but slight opposition. The committee recommends.

but slight opposition. The committee recommends:

1. The acceptance of the Scriptures of the Old and New Testaments inspired by the Holy Ghost to be the only authoritative revelation of God to man.

2. Discipleship of Jesus Christ, the Divine Savior and Teacher of the world.

3. The church of Christ, which is His body, whose great mission is to preach His Gospel to the world.

4. Liberty of conscience in the interpretation of the Scriptures and their administration of the church.

Such an alliance of the churches should have regular meetings of their representatives, and should have for its objects, among others:

1. Matual acquaintance and fellowship.

2. Co-operation in foreign and denestic missions.

3. The prevention of rivalries between

OFFENDED THE EMPEROR.

Liebknecht to Stand Trial for Certain Definat Utterances.

London, Oct. 11.—The Post will tomorrow publish a dispatch from Breslau saying it is reported that Herr Liebknecht was on Friday charged with lese majeste before a provincial magistrate in consequence of the speech he made on October 7 before the Socialist congress.

In the speech that is said to have got Herr Liebknecht into trouble with the authorities he said that the anti-revolution bill had been a miserable failure, yet the government had not abandoned the struggle. The highest authority in the land had thrown down the gauntlet and insuffed the Social Democrats.

"Let us," he added, "take up the chaltenge. He is incapable of touching us. We are above his insults." Continuing, he said that the empire would first collapse, but socialism would triumph. A violation of universal suffrage would be equal to a death warrant for the imperial government.

Result of a Misunderstanding.

George W. Maler was arrested last night by Detective Joseph Carter on a warrant sworn out by George S. Cooper, of No. 606 F street, charging him with false pretenses. The warrant alleges that Mater represented that he owned a horse and sold it to Cooper, receiving \$125. The horse turned out to belong to some one else, and Cooper swore out the warrant. Mater claims that the transaction was perfectly square, and that the warrant is the result of a reisunderstanding as to the settlement. He expects to be able to explain it satisfactorily in the police court. Result of a Misunderstanding.

Secretary Dunn's Shortage.
Columbis, O., Oct. 11.—A. J. Duncan, chief of the State bureau of building and loan associations, made public this after-loon the result of his investigation of the affairs of the North Side Building and Lean Association of Findlay, whose secretary, Thomas C. Dunn, disappeared some time ago. He finds that the association's liabilities exceed the assets by \$15.108.13, which, as nearly as can be told from the badly kept set of books, represents Dunn's shortage.

Ejected Man Retaliated.

John Bart, the proprietor of a pool room at No. 448 Pennsylvania avenue northwest, ejected a man from his place last night, and was struck on the head with a brick for his pains. He was treated at the Emergency Hospital.

The marvelous success of the Central Union Mission of this city in reaching the unconverted classes has led to the conviction that similar work may be successfully prosecuted in every city of our land. After much consultation with Christian workers and lenders in other cities, an organization has been effected to be called the National Gospel Mission Union.

E Street Baptist Church Celebrates

Its Fifty-third Anniversary.

Addresses by President Whitman, of of Work Will Take Part in the Exercises to Be Heid in Foundry Church. Preparatory Service Sunday Night. The congregation of the E Street Bantist

The congregation of the E Street Bantist Charch celebrated its fifty-third annual social reaulon has evening.

The spactoas Sanday school room, in which the themselves and their invited guests assembled, was beautifully decorated with evergreens and flowers.

The guests of nonor were Rev. Dr. B. L. Whitman, president of the Colombian University, and Rev. bCarles A. Stakeney, pastor of the Pist Faprist Undren, corner of Sixteenth and P streets. Postmaster-General Wm. L. Whison had promised to be present, but unfortunately was taken ill att his office late in the alternoon and was obliged to send his regrets.

The evening's entertainment consisted of short addresses by President Walman, Rev. Dr. Stakley, Rev. Dr. Muir, pastor of the church, and several excellent vocal selections by the members of the choir.

President Whitman's address, though brief, was exceedingly alteresting and instructive. He spoke of self-denial and the consolation found in endeavoring to follow the example of our Lord.

Rev. Dr. Stakley spoke on the necessity and good results of fraternity among church members, as especially applicable to the good that follows annual social remions.

Rev. Dr. Mair, the pastor, expressed his

TO SPREAD THE GOSPEL.

Its object is to Christianize America, but it will refrain from the organization of churches or anything that might be construed as a rival of ecclesiastical bodies. Its efforts will be to convert the world; to co-operate with churches, and not to compete with them; to harmonize existing bodies; not to produce strife; to strengthen, not to weaken, all good agencies.

An interesting programme of events has been prepared, embracing some of the most prominent evangelical workers in all grades of society, who will explain their work. Among the more prominent are the Rev. Stephen Merritt; william D. Hughes, of the Bowery Mission, New York; Mrs. A. L. Prindle, of the Florence Mission for Fallen Women; Rev. F. Strocter, of the Hope of Israel Mission to the Jews; Rev. C. H. Mead, servetary of the National Temperance Society; Mrs. E. M. Whittemore, the founder of the Boor of Hope; Maria Salthorpe, of the Margaret Strachan Home, New York; Dr. Louis Klopsch; Mrs. Ethloline, and Prof. A. A. Hopkins.

A feature of the convention will be the music to be furnished by four bands of singers, the Silver Lake Quariet, the Mission Choir, the Moody Choir, and the Alexandria Choir.

Preparatory services will be held Sunday night at Foundry Church, to be addressed by Major George A. Hilton, Rev. Mr. Bitliey, and others.

Fine Addresses at the Epworth League Mass Meeting.

JAMES E. PUGH REMEMBERED

"See Davison About It."

Resolutions Adopted That Pay Elo quent Tribute to the High Character of the Late General Secretary. Feeling Remarks by the Speakers, Who Had Worked With Him.

The Epworth Leaguers talked in mass meeting last night of Christ at Trinity M. E. Church, southeast, and the close attention there paid to the speakers evidenced a de-termination to translate the Word into

The attendance of the chapters was very The attendance of the chapters was very large, the meeting being presided over by Mr. W. B. Matthews, president of the league in this district. On the stage with him were flev. Dr. Luther Wilson, presiding chier of the District, Rev. L. F. Widerman, Rev. M. F. B. Rice, pastor of the charch, and Rev. A. Bielaski, postor of Union M. E. Church. A melancholy but impressive feature of the meeting was the resolutions passed by the mass meeting in relation to the death

the meeting was the resolutions passed by the mass meeting in relation to the death of Mr. James E. Fugh, late general secretary of the Y. M. C. A., of the District, on the passage of which feeling remarks were made by several speakers.

The programme consisted of a service of song and andresses on the subject "Phases of Christ's Wonderful Character."

Miss Jenaie Watts, of Grace Chapter, read an extendely thoughtful and instructive paper on the theme, "Christ the Great Teacher." In this she dwelt interestingly on the methods of the teacher of teachers, His profound knowledge of menand women, and the manner in which he impressed his sentiments and philosophy on his andiences.

THE NEW RELIGION.

An instructive part of the paper was the contrast drawn between the old school of religion and the new religion, the former confounding God and nature and the latter imaginating the new religious system of hope, life and immortality.

In the absence of Mr. A. E. Shoemaker, who was to discuss "Christ as the Great Advocate." President Manthews responded to the subject briefly, making the point of the infallibility of the Savior as the advocate of men, and citing proofs from the scriptures.

"Christ, the Great Physician," was the church members, as especially applicable to the good that follows annual social remions.

Rev. Dr. Mair, the pastor, expressed his great pleasure at the large attendance. He recognized the good influences of such gatherings and was always delighted with the social spirit which governed them. He was proud to say, he said, that he did not believe a stranger ever entered the E Street Baptist Church to whom a cordial welcome was not extended.

The vocal numbers of the programme were a quartet. "Beautiful Hells," by Mrs. Carrie Kidwell Stewart, Miss Lettlin Elhott, Dr. A. L. Brown, and Mr. T. R. Kiley, "Spring Flowers," by Mrs. Stewart, with volan obligate by Mr. G. S. Elhott, duet, "See the Pale Moon," Mrs. Stewart and Mr. Riley. The accompanist was Mrs. Grace Dufour Brown.

The last of the vocal numbers, "Mid Chapels and Churches," sung to the air of "Home, Sweet Home," was led by the E Street Church quartet and sung by the audience.

At the close of the musical programme

cate of men, and citing proofs from the scriptures.

"Christ, the Great Physician," was the feature of the discussion assigned to Dr. Ada R. Thomas, who also in describing His methods gave several flustrations from the sacred text. Dr. Thomas, address was brief, but made a deep impression.

Rev. A. Bielaski spoke of Christ as the great preacher, and developed the ideas of Christ as unique and incomparable as a teacher. "Never Man Spake Like This Man." The speaker's remarks were replete with the proofs from the Savior's words of His great power as a preacher.

Mr. H. B. Leech then with a touching preface infroduced the following resolutions:

preface infroduced the following resolutions:

"Resolved, That we, members of the Washington bistrict Epworth League M. E. Church, have heard with profound sorrow the intelligence of the death of our brother, who was for so long a time closely identified with the moral and spiritual advancement of our community, and who was, in the truest sense an Epworth Leaguer, managing with signal success during the year 1894 the department of spiritual work of our organization, seeking always under the guidance of God for the maintenance of a high standard of religious life and experience in those with whom he came in contact. 1895 are unfortunately missing, although all the others kept by the secretary were in their place.

There was also quite a budget of letters, some of them three months old and yet unopened. Mg-Tracy has in his pessession twenty checks payable to the order of Mr. Padgett and not cashed by him.

A full report of all that has transpired will be made by Mr. Tracy to the meeting of the union which will take place tomorrow afternion.

HONORS FOR THE DEAD.

"We feel that the Capital has lost a citizen of high and noble character and noble worth, the Y. M. C. A. an officer, conscientious and devoted with untiring energy and real to its best interests, the young men of our city a true and-loving friend in every sense of the word, and the Epworth League a loyal and honored member. While his fondest hopes soon, we believe, to have been realized were left for others to take up where he laid them down, he dwells to-night with the host around the throne above in a building not made with hands, eternal in the heavens. "We extend to his stricken wife our deepest sympathy in her bereavement and pray that an ever present Father, who doeth all things well, may bear her up in the great sorrow, which she has been called upon to pass through, and sustain her until she shall meet upon the other shore the loved one gone above."

The resolutions were signed by President Matthews, First Vice President John S. Barker, Miss Fannie Meeks, second vice president; Harry O. Hine, third vice president; F. T. Israel, secretarry; Miss Martha Haines, treasurer, and H. B. Leech, district superintendent of the Junior league.

Suitable remarks, seconding the resolutions were made by Mr. C. M. Lacey Sites, expresident of the Y. M. C. A.; President Matthews, and the Rev. Dr. Widerman, after which they were adopted unanimously by a rising vote. Washington Republicans Will Help citizen of high and noble character and noble worth, the Y. M. C. Capital is always seeking safe and profitable investment—the most inviting field to-day is cotton manufacturing in the South. There is probably no well-managed mill in the South has is earning less than 19 per cent not profit and most of them are doing much better. Very many are earning from 20 to 25 per cent.

Cotton Mills in the South each profit and most of them are doing much better. Very many are earning from 20 to 25 per cent. In the face of the general depression of the last few years, this is a phonomenal record for any investment.

At present there are \$5,000,000 cotton shies the raw material for over one-half of them, producing over \$9\$ per cent of the annual crop of the world, The South each of the find and crop of the world while it has only 1,900,000 spindles, or about 4 per cent of the total number in the world. The South each form 1,001 to 3,000 miles to mills in New England and Great Britain, is manufactured in mile where coal costs from \$2.50 a ton and over, and where living is expensive. The tendency of this industry is now southward, because of the unequalled atvantages of this section. No other industry promises such sure and coriain returns on the investment. An Opportunity for Small Investors.

Heretofore small investors have not generally been able to share in the large profits made by cotton milis; building associations and savings banks have been their only means for accumulating savings. By this system, so successfully introduced into the South, everyone who can lay aside even \$2.00 a month can become a stockholder in a cotton-mill. As funds accumulate under this system of monthly payments, the contracts for the buildings and machinery can be let, without waiting until the final installments are paid the month of the stock is paid up the MILL can be IN SUCCESSFUL OPERATION.

Opinions of Leading Financial Men

on Cotton Milling in the South.

W. S. Witham, of Atlanta, who is president of tweive banks in Georgia and Alabama: "The average not carnings of several cotton mills I am acquainted with will run to about 145 per cent." "I believe a cotton mills, with a fair working capital, well managed, will make from 35 to 35 per cent. I know of one which carried 45 per cent not in 1821. We advance mence on cotton mill stock, cotton goods in storage, at a less rate than on any other collateral."

A. I. James. Free ident of the Bank of Laurinburg, Laurinburg, N. C.: "There are eight mills in this county. The profit during this year in the cotton mills dustines has been and is still very large; that is, it is from 10 to 3) per cent. I know of nothing else in our set iton that pays so large a profit." ness has been and is still very large; that is, it is from 10 to 30 per cent. I know of nothing else in our set ion that pays so large a profit.

J. G. libea, Cashler City National Rank, Oriffin, Ga: "The Griffin Manufacturing Company is 1857 paid a 6 per cent dividend; in 1888, 10 per cent; and has steadily paid to per cent, dividend; ever since, and still carriers a surplus of over 80 per cent added to its capital out of its caraings. In 1891 the Kincaid Mill was organized and pet in operation. In 1891 it paid 6 per cent; in 1897, 7 per cent; in 1895, 8 per cent; in 1894, 19 per cent; and in 1895 it has so far paid to per cent. W. C. and Lanier. Bankers, West Point, Ga., who also control cotton-mills with an aggregate investment of about \$1,000,000; *The capital stock of our mins aggregates \$1,000,000 are paid out to stockholders, besides faring up a surplus for extensions.

I. C. flavere, president National Bank of Augusta. Augusta, Ga: "Cotton manufacturing in the South has always proven satisfactory as a paying industry, and from the establishment of the first celt in factory to the present time the mills have not only proven the wisdom of investors, but have demonstrated the line witable conclusion that he character of investment is rafter, and few, if any are more profitable." profitable."
